MLBA builds community between members through quality educational programs, networking opportunities, and social events. MLBA proudly supports similarly-focused student groups at all of Minnesota's law schools, as well as efforts to assure that Minnesota is a community where legal professionals can thrive, regardless of sexual orientation, gender identity, or HIV status.

MLBA is a recognized and respected affiliate of the Minnesota State Bar Association, and of the Hennepin and Ramsey County Bar Associations, and is a voice for these concerns within these groups. MLBA has successfully worked with these organizations to oppose anti-GLBT legislation, expand member benefits to include domestic partners, include pertinent issues within diversity and educational efforts, update policies of the Minnesota judiciary, and promote legal reform.

MLBA is the Minnesota affiliate of the National Lesbian and Gay Law Association (NLGLA), which provides a similar voice at the national level, including within the American Bar Association.

Membership in MLBA provides critical support for the organization's efforts to have a positive impact on Minnesota's legal profession and legal system. In addition, MLBA membership entitles one to a free subscription to *Lesbian and Gay Law Notes*, a comprehensive national digest published ten times annually, analyzing developments in GLBT- and HIV-related litigation, legislation, and publications. MLBA members also enjoy discounts on registration for MLBA conferences and NLGLA membership, and receive regular electronic updates featuring important news, developments, and job opportunities.
